Subpart I—Rules for Expedited Review to Allow Market Tests of Proposed Mail Classification Changes

SOURCE: 66 FR 54441, Oct. 29, 2001, unless otherwise noted.

§ 3001.161 Applicability.

(a) This section and §§ 3001.162 through 3001.166 apply in cases in which the Postal Service requests a recommended decision pursuant to section 3623 preceded by testing in the market in order to develop information necessary to support a permanent change. The requirements and procedures specified in these sections apply exclusively to the Commission's determination to recommend in favor of or against a market test proposed by the Postal Service, and do not supersede any other rules applicable to the Postal Service's request for recommendation of a permanent change in mail classification. In administering this subpart, it shall be the policy of the Commission to recommend market tests that are reasonably calculated to produce information needed to support a permanent change in mail classification, and that are reasonably limited in scope, scale, duration, and potential adverse impact. Except in extraordinary circumstances and for good cause shown, the Commission shall not recommend market tests of more than one year in duration; however, this limitation is not intended to bar the Postal Service from conducting more than one market test in support of a potential permanent change in mail classification in appropriate circumstances.

(b) This section and §§ 3001.162 through 3001.166 are effective November 28, 2001 through November 28, 2006.

§ 3001.162 Filing of market test proposal and supporting direct evidence.

Whenever the Postal Service determines to request that the Commission submit a recommended decision on a change in mail classification preceded by testing in the market, the Postal Service shall file with the Commission, in addition to its request for a permanent change in mail classification pursuant to section 3623, a request for a recommended decision in favor of its proposed market test of the requested change in mail classification. Each formal request filed under this subpart shall include such information and data and such statements of reasons
